- How do you see this garment/outfit as it compliments your body style?

I feel this dress highlights my best features. The ruffle drapes across my body in the most flattering way, it draws attention from my mid section and shifts attention to other parts of my body helping to elongate my body, making me look well balanced and proportion. Clearly outlining my silhouette. The V-neck is very flattering and the ruffle details at the bottom is a bit fun for any wedding or occasion while dancing. I love this dress, it is very comfortable and most of all makes me feel confident.

- Describe the need for the garment/outfit and how it fits into your current wardrobe.

I needed a dress for a formal wedding. My budget was \$50 dollars. I wanted a dress without the expense of being dry cleaned. I searched and found "The Little Black Dress" on clearance, it was within my budget and machine washable, line dry and a cool iron if needed. I found out that I could pair this dress with clothes, accessories and shoes from my own closet for two other weddings giving me many different looks. This is a very comfortable dress a dress that I can continue to wear and will not go out of style.

- Calculate the estimated cost per wear of this garment/outfit (Form is provided on the back of this sheet.)
